

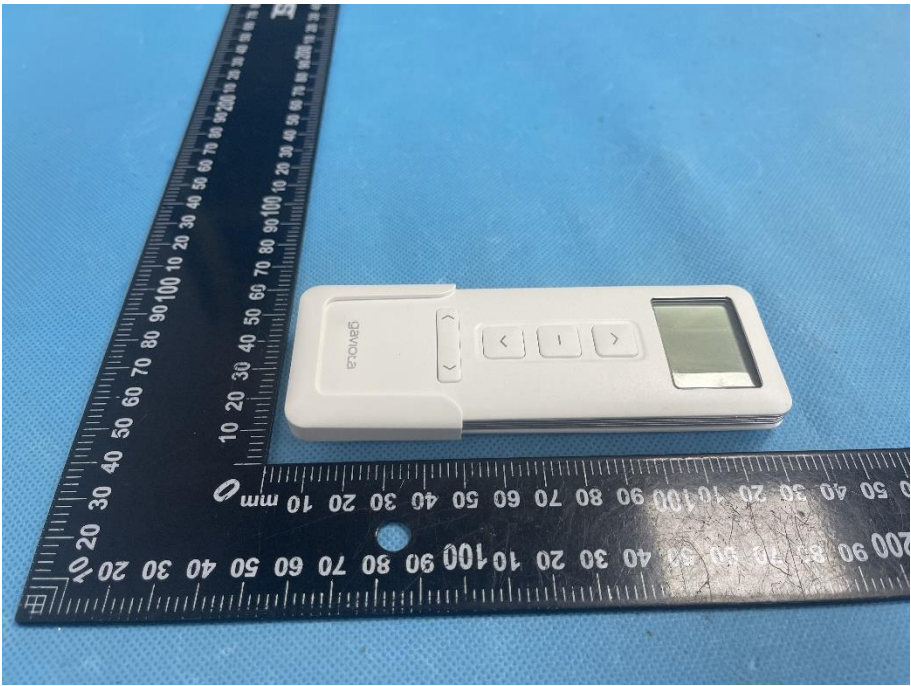

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1**EUT View 2**

EUT View 3	 A photograph showing a white, rectangular electronic device (EUT) lying horizontally on a blue textured surface. To the left of the device is a black ruler with white markings in centimeters and millimeters. The device has a small, dark rectangular screen on its right side and four small, square buttons arranged vertically on its left side. The ruler is positioned such that the device's length is approximately 10 cm.
EUT View 4	 A photograph showing the same white electronic device (EUT) from a different perspective, lying vertically on the same blue textured surface. The black ruler is again placed next to it for scale. In this orientation, the device's height is approximately 10 cm. The screen is at the bottom, and the four buttons are arranged vertically above it.

EUT View 5	 A photograph showing a white, rectangular electronic device (EUT) lying horizontally on a blue textured surface. To the left of the device is a black ruler with white markings in centimeters and millimeters. The device has a small, dark rectangular screen on the left side of its face. To the right of the screen are three small, square buttons arranged horizontally. Further to the right is a larger, rectangular button with a small, dark, curved symbol. The device is positioned between the 10 cm and 20 cm marks on the ruler.
EUT View 6	 A photograph showing the back of the same white electronic device (EUT) lying vertically on a blue textured surface. To the left of the device is a black ruler with white markings in centimeters and millimeters. The back of the device features a small, circular feature near the top and a larger, rectangular feature near the bottom. The device is positioned between the 10 cm and 20 cm marks on the ruler.
