Subject: Re : TCB Review Comments for (A06-0628c- NHPWLG2012- Cameo AP)

Dear Steve

Manual is for all countries and may contain some function which is not available in US model, the US model will be limited in channel CH1 to CH11 by firmware controlled by the manufacture.

TCB Review Comments for (A06-0628c- NHPWLG2012- Cameo AP)

-EMC-

Question #1: P17 of user manual mentioned user can select the different regulatory domain. Please clarify if this function is available to US model. If this function is not available to US model, please explain what method is used to prevent US user to select illegal channel?
