Modular Approval Request

FCC ID: 2AFGD-MUW1FX

The following attestation addresses the requirements to support modular approval:

Modular approval requirement	Yes (provide brief statement)	No *
(a) The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly	No	No, The circuit of Tuning is not in the module, but in the board of the end product
(b) The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal	Yes	
(c) The module must contain power supply regulation on the module	Yes	
(d) The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per Sections 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b)	Yes	
(e) The module must demonstrate compliance in a stand-alone configuration	No	No, The modular transmitter has been performed the testing in a state of being installed on an end product, therefore has not been performed the testing as a standalone and then confirmed the compliance. The module and antenna will be mounted on the end product.
(f) The module must be labelled with its permanently affixed FCC ID label, or use an electronic display (See KDB Publication 784748 about	No	No, Since there is no space which indicates FCC ID, FCC ID is not indicated on the label. So FCC ID is

labelling requirements)		indicated in the manual, then the outside of the device into which the module is installed also displays a label referring to the enclosed module.
(g) The module must comply with all specific rules applicable to the transmitter. The grantee must provide comprehensive instructions to explain compliance requirements	Yes	
Modular approval requirement	Yes (provide brief statement)	No *
(h) The module must comply with RF exposure requirements	Yes	

* Please provide a detailed explanation if the answer is "No."

Sincerely,

Signed:
