

Test Mode IEEE 802.11ax(HE20)_Ant_2

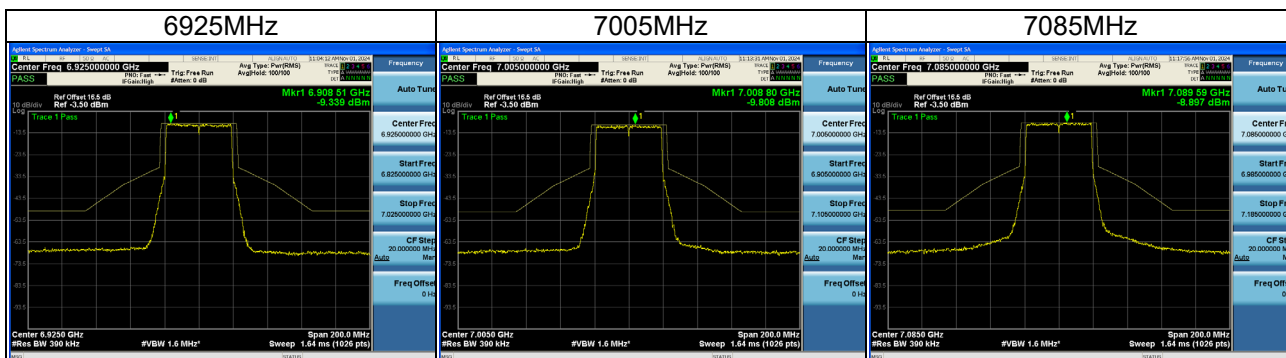

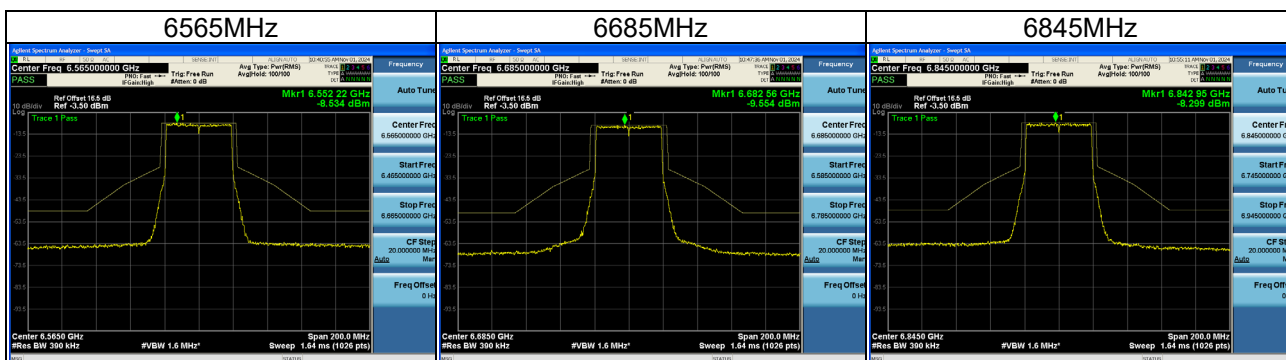

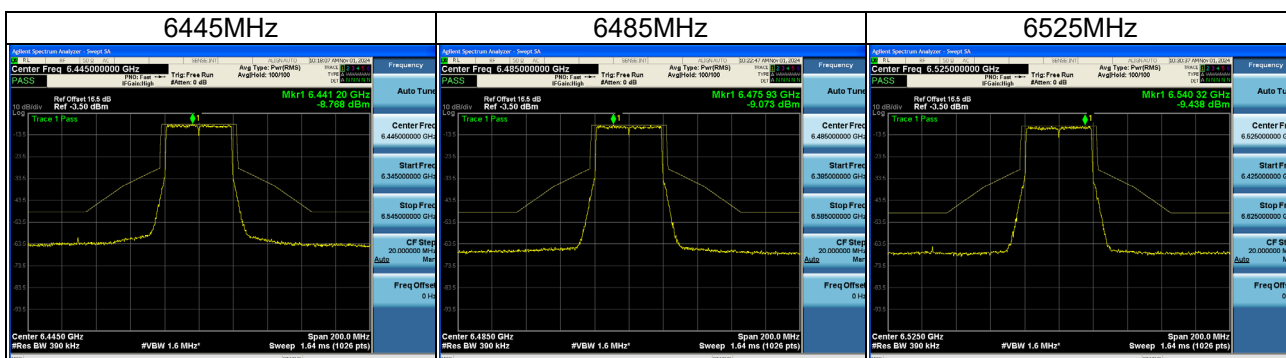

Test Mode IEEE 802.11ax(HE20)_Ant_3

Test Mode IEEE 802.11ax(HE20)_Ant_4

The figure displays three plots showing the frequency response of the PLLs at different center frequencies: 6125MHz, 6245MHz, and 6405MHz. Each plot shows a sharp peak at the center frequency with a bandwidth of 300 kHz and a sweep of 1.64 ms. The plots are labeled '6125MHz', '6245MHz', and '6405MHz' respectively.

Test Mode IEEE 802.11ax(HE40)_Ant_2
