Module Approval. Power Output is Conducted. The antenna used for this transmitter must be installed to provide a separation distance of at least 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter. End-users and installers must be provided with antenna installation instructions and transmitter operating conditions for satisfying RF exposure compliance. This authorization is approved under the interim blanket waiver for Digital Transmission Systems meeting the requirements pursuant to the Further Notice of Proposed Rulemaking and Order, ET Docket No. 99-231 (FCC 01-158). The authorization is conditioned upon compliance with any final rules that may be adopted in the proceeding.
