A rubber foot at the bottom provides a firm grip on the surface.</p></div></div><div><div></div><div><div>Table or shelf top</div><div><p>Petcube Cam has a non-slip rubber bottom, which provides a secure grip on flat surfaces. Camera tilt can be adjusted manually for a better viewing angle. Hooks at the foot allow to fold the cord firmly.</p></div></div></div><div><div></div><div><div>Mounting</div><div><p>The device can be placed on a wall or a shelf bottom. Petcube Cam comes with a metal plate and a mounting tape. Mount the plate in the desired location and the camera foot will magnetically snap to it. It also works with other metallic surfaces.</p></div></div></div><div><div><div>CONTACT</div><div><p>For any assistance with the device, please contact us directly at:</p><p><b>support@petcube.com</b></p><p>We'll resolve any issue ASAP.
