Re: Supersede request for FCC ID: **H8N60156A**; Granted on **05/16/2024**

To Whom It May Concern:

We regret to inform you that we have submitted the wrong **Test Report (CBSD Test Logs)\_rev** exhibit to the filing. There was a typo for the **MaxEIRP** setting shown on the **CBSD Test logs report**. This is purely an administrative error and there is no re-testing involved or needed with the revised exhibit.

To prevent misunderstanding to the public, we would like to request the FCC to supersede the exhibit described below:

Original	New	Change
Test Report (CBSD Test Logs)_rev	Test Report (CBSD Test Logs)_rev 2	"maxEirp": 19.0 (Page 85) is modified to "maxEIRP": 22.0 (Page 96 of revised exhibit)

If you have any questions, feel free to contact us. Thank you.

Regards,
