Subject: Authorization for LARA-R203 Test Report re-use

We, **u-blox AG**, manufacturer of the **LARA-R203** LTE Single Mode module (FCC ID: **XPY1DIQN3NN**, ISED certification number: **8595A-1DIQN3NN**), hereby authorize **Lifeline Systems Inc.** to use the test report **MDE_UBLOX_1712_FCCb_rev1** on our **LARA-R203** LTE Single Mode module in their submission for the certification of the Medical Alert System Wireless Communicator Model **7200C** (FCC ID: **BDZ7200C**, ISED certification number: **655C-7200C**), into which they are integrating our **LARA-R203** LTE Single Mode module.

We, **u-blox AG**, manufacturer of the **LARA-R203** LTE Single Mode module (FCC ID: **XPY1DIQN3NN**, ISED certification number: **8595A-1DIQN3NN**), hereby confirm that

- each **LARA-R203** LTE Single Mode module undergoes output power calibration and test after assembly in production line before packaging and shipment to the user
- the appropriate output power calibration settings are stored in each **LARA-R203** LTE Single Mode module individually
- the user has no possibility to change these output power settings later on

Sincerely,

u-blox AG
Giulio Comar, Certification Manager
