Cover letter

To whom it may concern

The changes between FCC ID: ZDLST4 and FCC ID: ZDLST5 are the addition of an additional Piezo Buzzer (non-radio) and the activation of WLAN Transmit functionality (this was only a receive function in FCC ID: ZDLST4) via new SW. The new FCC ID is as a result of the new equipment class: DTS (KDB 178919 D01, section V.B.3).

In addition, SAR testing has been carried out in accordance with the FCC KDB inquiry as filed with this application.

Yours faithfully

A handwritten signature in blue ink, appearing to read "B. Buike".

B Buike

Head of Product Engineering
