Photo 11

A photograph of a custom green PCB (Printed Circuit Board) with various electronic components. The board is rectangular with rounded corners and features several circular mounting holes. Components include four push buttons (two black, two silver), a USB Type-A port, a micro-USB port, a small black IC, and a red LED. A ruler is placed to the left of the board for scale, showing measurements in centimeters. The PCB is labeled with the text: "DT-800C-7 PCB", "DAI C 000-06-00", and "REV 1.0".
