RSE Justification Letter

We, **Twinhead International Corporation**, declare that the device without RSE testing due to the following:

- The end product (Model: R8XXXXXX (X=0-9, A-Z,a-z, Blank); Brand: DURABOOK) with module under FCC ID: FKGW01R8 was assessed compliant to radiated emission limits in initial approvals.
- The original FCC testing on module under FCC ID: **FKGW01R8** was performed when the antenna was connected to the module in an open environment. The current platform under application has the antenna installed inside the Tablet enclosure. The physical restraints introduced Tablet enclosure should have resulted in equal or lower level of radiated emission.

Sincerely yours,
