

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	 A photograph showing the external components of the EUT. On the left is a black plastic housing with a rectangular cutout at the bottom. To its right is a black rectangular battery. Both are placed on a blue textured surface next to a black ruler with white markings. The ruler is oriented vertically, with the 0 mark at the bottom. The housing is approximately 100 mm high and 30 mm wide. The battery is approximately 60 mm high and 20 mm wide.
EUT Housing and Board View 2	 A photograph showing the internal components of the EUT. On the left is a green printed circuit board (PCB) with various electronic components, including resistors, capacitors, and integrated circuits. To its right is the black plastic housing, which is shown from the inside, revealing its internal structure and mounting points. Both are placed on a blue textured surface next to a black ruler with white markings. The ruler is oriented vertically, with the 0 mark at the bottom. The PCB is approximately 100 mm high and 30 mm wide. The housing is approximately 60 mm high and 20 mm wide.
