RE: CONFIDENTIALITY REQUEST FOR FMPA MODEL # 1394-A-1200, FCC ID: K6KFMPA

To Whom It May Concern:

This letter serves as an official request for confidentiality under section 0.457 and 0.459 of CFR 47. We have requested that the following documents required to be submitted with this application be permanently withheld from public review.

- Block Diagram
- Schematics
- Theory of Operation
- Parts List
- Tune Up Info

These documents contain detailed system and equipment descriptions and related information about the product, which manufacturer/applicant considers to be proprietary, confidential, and a custom design and otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, manufacturer/applicant feels that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give out competitors an unfair advantage in the market.

Please contact me if there is any information you may need.

Sincerely,

A handwritten signature in blue ink, appearing to read "Dennis Teske", with a stylized flourish at the end.

Dennis Teske
