Subject: FCC Application Attestation

FCC ID: ZDLST6

To whom it may concern

I attest that Buddi Ltd. have applied the same logic behind the duty factor evaluation as defined in the SAR Test Report for FCC ID: ZDLST5 to FCC ID: ZDLST6. This is in line with KDB 484596 D01 Referencing Test Data v01.

The duty factor methodology is shown in Annex of the Smart Tag 4 Operational Description. Also shown in Annex B are internal photos of FCC ID: ZDLST5 and FCC ID: ZDLST6 (side by side) which shows that the only the cellular module has changed. This shows compliance against KDB 484596, section 1 (a).

Yours faithfully,

B Buike

Head of Product Engineering
