

Response to FCC Query regarding H9PCST3040K088R1,
Correspondence Reference Number 13800 & 13549.

In response to the FCC request for an RF Safety statement on the product,
the following statement will be included on the
FCC ID: H9PCST3040K088R1:

Warning: All persons must be at least 20 cm from antenna when transmitter
operating to meet the FCC RF exposure requirements.

This statement will be clearly visible to all users, as it will be on the product
label of every scanner/transmitter in the personal shopping system.

If you have any questions about the above please contact:
