Granted on: 2022-04-13

To whom may concern:

Pursuant to CRF Section 2.1043, We, *Chengdu Vantron Technology Co., Ltd.* requests a Class II permissive change to update the filing.

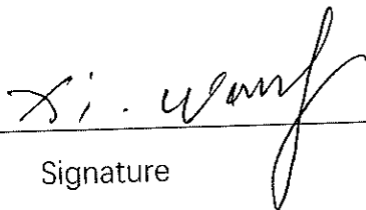

Change list:

1. The subject approved module is being used in a specific host  
Host product name: Tablet  
Host Brand name: Vantron  
Host model: VT-TABLET-5081S
2. We declared that based on this host platform, the module decreases the RF output power.
  - 1) The maximum output power rating of the original authorization does not change.
  - 2) There is no design change that decreases the output power. Only decrease in the power setting configuration.
3. A change to this transmitter from single (non-limited) module to a limited single-module under a special platform.

Based on these changes radiated emission testing and SAR Testing are performed to demonstrate RF Compliance.

The modules mentioned above has been approved and is electronically and mechanically identical to the original instructions and requirements. Except for the changes mentioned above, no other modification is performed.

Sincerely,
