

NORTHWEST EMC, INC.

22975 NW Evergreen Parkway, Suite 400
Hillsboro, OR 97124

October 2, 2006

Dear Application Examiner:

On behalf of Intermec Technologies, Inc., Northwest EMC, Inc. is submitting this application for the certification of Intermec's CN3 handheld computer, FCC ID: EHA-03CN3. It is a composite device that contains a GSM/GPRS/EDGE radio (Model MC75) and an 802.11b/g – Bluetooth combo radio (Model DHIB).

Each radio uses its own RF path and antenna. Although the GSM/GPRS/EDGE radio can transmit simultaneously with the other radios, the 802.11b/g and Bluetooth radios cannot transmit simultaneously with each other.

The receiver portion of the GSM/GPRS/EDGE radio transceiver has been verified to FCC 15B. The digital portion of the CN3 has been authorized through the DoC process.

The technical reports and exhibits demonstrate compliance with FCC rules 47 CFR 15.247 as a DTS device, and Part 22H and 24E as a PCE device.

Your efforts in reviewing this application are greatly appreciated.

Best regards,

Northwest EMC, Inc.
