Dear Customer

Please read the product instruction carefully:

Thank you for purchasing and using the products of Hangzhou Dangbei Network Technology Co., Ltd. (hereinafter referred to as "Dangbei"). For your safety and interests, you should read the Product Instruction carefully before using this product.

If you fail to follow the product instructions or precautions, and cause any personal injury, property or other losses, Dangbei will not be liable.

About the product instruction:

The copyright of the instruction belongs to Dangbei.

Trademarks and names mentioned in the instruction belong to their respective right owners.

In case of inconformity between the content of the instructions and the actual product, the actual product shall prevail.

* Dangbei reserves the right to interpret and modify the instructions.

Packing List

Before using the device, please check all things included.

Adapter

AC Cable

User Manual

Remote Control

Projector

Projector

Overview and interface description.

Remote Control

- Open the battery holder cover of the remote control.
- Install 2 AAA batteries. *
- Put back the cover.

* Please insert new batteries matching the polarity(+/-) as indicated.

1

Remote Control Pairing

- Place the remote control within 10cm of the device.
- Press the Home key  and Menu key  simultaneously until an indicator light begins flashing and a "Di" is heard.
- This means that the remote control enters the pairing mode.
- When a "DiDi" is heard, the connection is successful.

* If pairing is unsuccessful, repeat the above steps after the remote control indicator light stop flashing.

2

Connect The Wi-Fi Network

- Into [Settings] - [Network]
- Select the wireless network,and enter the password.

3

Focus Settings

Method 1:Hold to press the remote control Side key,will automatic focus adjustment.

Method 2:Go to [Settings] and select [Focus Setting] to focus.

* Manual focus through the remote control up and down keys, adjust the picture definition.

4

Keystone Correction Settings

Go to [Settings] and select [Trapezoidal Correction] for correction. The machine supports automatic trapezoidal correction (vertical direction), and the correction effect can be further fine-tuned by manual correction if there is a little deviation in different use scenarios.

* Into [Settings] - [Keystone correction] - [Manual correction]
To adjust the four points and the size of the frame.

5

Bluetooth Speaker Mode

Method 1: Boot, short press the remote control [power button] to select [sound box mode], in the sound box mode. Connect bluetooth device to play songs, and press [Power key] to exit the mode;

Method 2: Long press the "Play/Pause" button of the projector for two seconds when it is off to enter the speaker mode, and then connect the bluetooth of the mobile phone to play music; Press the [power button] of the body or remote control to exit the mode;

6

Screen Mirroring

You can wirelessly cast the screen of your smartphone or tablet onto the projection surface.

Please open the screencast APP to learn more about the operation method.

FCC STATEMENT

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

IC STATEMENT

CAN ICES-3 (B)/NMB-3 (B)

This Class B digital apparatus complies with Canadian ICES-003.

Cet appareil numérique de classe B est conforme à la norme canadienne ICES-003.

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

(1) This device may not cause interference.

(2) This device must accept any interference, including interference that may cause undesired operation of the device

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

1.L'appareil ne doit pas produire de brouillage;

2.L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

For projectors only

The distance between user and products should be no less than 20cm.

La distance entre l'utilisateur et le produit ne doit pas être inférieure à 20 cm.

5.2 GHz band is restricted to indoor use only.

La bande de 5.2 GHz est réservée à l'usage intérieur.

HDMI High-Definition Multimedia interface, and the HDMI Logo are trademarks or registered trademarks of HDMI Licensing Administrator, Inc.

Important Precautions

- Do not look directly at the projection beam with your eyes, because the strong beam may harm your eyes.
- Do not block or cover the heat dissipation holes of the device to avoid affecting the heat dissipation of internal parts and damaging the device.
- Keep away from humidity, exposure, high temperature, low pressure, and magnetic environment.
- Do not place the device in areas susceptible to excessive dust and dirt.
- Put the device to the flat and stable station, do not put it to the place prone to vibration
- Please use correct type of battery for the remote control.
- Only use attachments/accessories specified or provided by the manufacturer (such as the exclusive supply adapter, bracket etc).
- Do not disassemble the device personally, repair the device only staff authorized by the company.
- Place and use the device in an environment of 0°C-35°C.
- Do not use the earphones for a long time. Excessive sound from the earphones can damage your hearing.
- The plug considered as disconnect device of adapter.
- The batteries (battery pack or batteries installed) are not intended to be replaced by the USER.
- The battery used with this product contains chemicals that are harmful to the environment. To preserve our environment, dispose of the battery according to your local laws and regulations. Do not dispose of the battery with normal household waste.

CAUTION for service personnel : Danger of explosion if battery is incorrectly replaced.

Replace only with the same or equivalent type

Estimados clientes

Lea atentamente el Manual del Producto:

Gracias por comprar y utilizar los productos de Hangzhou Dangbei Network Technology Co., Ltd. (en lo sucesivo, "Dangbei"). Por su seguridad e intereses, debe leer atentamente el Manual del Producto antes de usar este producto.

Si no sigue las instrucciones o precauciones del producto y causa lesiones personales, daños materiales u otras pérdidas, Dangbei no asumirá ninguna responsabilidad.

Sobre las instrucciones del producto:

Los derechos de autor de este Manual pertenecen a Dangbei.

Las marcas comerciales y los nombres mencionados en este Manual pertenecen a sus respectivos titulares.

En caso de disconformidad entre el contenido del Manual y el producto real, prevalecerá el producto real.

* Dangbei se reserva el derecho de interpretar y modificar las instrucciones.

Lista de encajonamiento

Verifique todos los elementos incluidos antes de usar el dispositivo.

Manual del Producto

Control remoto

Proyector

Proyector

Descripción de apariencia e interfaz.

Control remoto

- Abra la tapa de la caja de batería del control remoto.
- Instale dos pilas AAA. *
- Cierre la tapa.

* Instale correctamente la polaridad positiva y negativa (+/-) de la batería.

Emparejamiento de control remoto

- Coloque el control remoto a menos de 10 cm del dispositivo.
- Presione simultáneamente la Tecla de inicio (🏠) y la Tecla de menú (☰) hasta que la luz indicadora comience a parpadear y se escuche un sonido "Di".
- Esto significa que el control remoto ingresa al modo de emparejamiento.
- Cuando escuche el sonido "DiDi", la conexión se realiza correctamente.

2

Conecte a la red Wi-Fi

- Ingrese a [Ajustes] - [Red]
- Seleccione una red inalámbrica e ingrese la contraseña.

3

Ajustes de enfoque

Método 1: Mantenga presionado la tecla lateral del control remoto para enfocar el objeto automáticamente.

Método 2: Vaya a [Ajustes] y seleccione [Configuración de enfoque] para enfocar.

* Realizar el enfoque manual a través de las teclas arriba y abajo del control remoto, y ajustar la claridad de las imágenes.

4

Ajustes de corrección trapezoidal

Vaya a [Ajustes] y seleccione [Corrección trapezoidal] para la corrección del dispositivo, el dispositivo acepta la corrección trapezoidal automática (dirección vertical), si hay una pequeña desviación en diferentes escenarios de uso, se puede utilizar la corrección manual para ajustar aún más el efecto de corrección.

* Ingrese a [Ajustes] - [Corrección trapezoidal] - [Corrección manual] para ajustar los cuatro puntos, controlando el tamaño de la imagen.

5

Modo de altavoces Bluetooth

Método 1: Encienda, presione brevemente el [Botón de encendido] del control remoto para seleccionar el [Modo de altavoces], y la máquina se encuentra en el modo de altavoces. Conecte el dispositivo bluetooth para reproducir canciones y presione el [Botón de encendido] para salir del modo;

Método 2 : Cuando el proyector esté apagado, mantenga presionado el botón "Radiación / Pausa" durante dos segundos para ingresar al modo de altavoz, y luego conecte el bluetooth del teléfono móvil para reproducir músicas; presione el [Botón de encendido] del cuerpo o control remoto para salir del modo;

6

Duplicación de pantalla

Puede proyectar de forma inalámbrica la imagen de la pantalla de su teléfono inteligente o tableta en la pantalla de proyección. Abra el programa de aplicación screencast para obtener más información sobre el método de operación.

Precauciones importantes

- No mire directamente al haz de proyección con los ojos, ya que el haz fuerte puede dañar sus ojos.
- No bloquee ni cubra los orificios de disipación de calor del dispositivo para no afectar la disipación de calor de las partes internas, dañando así el dispositivo.
- Manténgalo alejado de la humedad, la exposición, la temperatura alta, la presión baja y el entorno magnético.
- No coloque el dispositivo en áreas susceptibles a un exceso de polvo y suciedad.
- Coloque el dispositivo en un lugar plano y estable, no lo coloque en un lugar propenso a vibraciones.
- Utilice baterías con el tipo correcto para el control remoto.
- Utilice únicamente los complementos / accesorios especificados o proporcionados por el fabricante (tales como el adaptador de suministro exclusivo, el soporte, etc.).
- No desmonte el dispositivo sin permiso, el dispositivo solo puede ser reparado por personal autorizado por la empresa.
- Coloque y utilice el dispositivo en un entorno de 0 °C a 35 °C.
- No utilice los auriculares durante mucho tiempo, el sonido excesivo de los auriculares puede dañar su audición.
- El enchufe es el dispositivo de desconexión para el adaptador.
- Los usuarios no pueden reemplazar la batería (unidad de batería o batería instalada) sin permiso.
- La batería utilizada con este producto contiene sustancias químicas nocivas para el medio ambiente.
Para proteger el medio ambiente, deseche la batería según las leyes y regulaciones locales. No deseche la batería con las basuras domésticas normales.

PRECAUCIÓN para personales de mantenimiento : Existe peligro de explosión si la batería se reemplaza incorrectamente. Reemplácelas únicamente con baterías del mismo tipo de potencia o equivalente.

Projecteur

Description de l'apparence et de l'interface.

Prise de courant du support de PTZ

Vue arrière

Vue de gauche

Télécommande

- Ouvrir le couvercle du compartiment à piles de la télécommande
- Installer deux piles AAA.*
- Fermer le couvercle du compartiment à piles.

* Veuillez installer correctement les bornes positive et négative des piles.

Appariement des télécommandes

- Placer la télécommande à moins de 10 cm de l'appareil.
- Appuyer simultanément sur le Bouton de la page d'accueil  et le Bouton menu  jusqu'à ce que l'indicateur commence à clignoter et que vous entendiez un son "Tic-tac".
- Cela signifie que la télécommande est en mode d'appariement.
- Lorsque vous entendez un son "Tic-tac", la connexion est réussie.

* Si l'appariement ne réussit pas, veuillez attendre que l'indicateur cesse de clignoter et suivez à nouveau les étapes ci-dessus.

2

Connecter au réseau Wi-Fi

- Entrer dans [Paramètres]-[Réseau].
- Sélectionner le réseau sans fil et saisissez le mot de passe.

3

Paramètres de la mise au point

Méthode 1: Appuyer longtemps sur le bouton latéral de la télécommande pour régler l'autofocus.

Méthode 2: Entrer dans [Paramètres] et sélectionner [Réglage de mise au point] pour faire la mise au point.

* Régler la netteté de l'image en faisant la mise au point manuellement avec les boutons haut et bas de la télécommande.

4

Paramètres de correction trapézoïdale

Entrer dans [Paramètres] et sélectionner [Correction trapézoïdale] pour la correction, l'appareil supporte la correction trapézoïdale automatique (direction verticale), mais l'effet de correction peut être légèrement différent selon les scénarios d'utilisation, et peut être affiné par une correction manuelle.

* Entrer dans [Paramètres] - [Correction trapézoïdale] - [Correction manuelle], pour régler la position des quatre points et la taille de l'écran.

5

Mode haut-parleur Bluetooth

Méthode 1: Allumer l'appareil, appuyer brièvement sur le [bouton d'alimentation] de la télécommande pour sélectionner [Mode haut-parleur Bluetooth] pour entrer en mode haut-parleur. Connecter un périphérique Bluetooth pour diffuser une chanson et appuyer sur le [Bouton Marche/Arrêt] pour quitter le mode.

Méthode 2: Lorsque le projecteur est éteint, appuyer sur le bouton "Play/Pause" du projecteur pendant deux secondes pour passer en mode amplificateur, puis connectez votre téléphone portable à Bluetooth pour écouter de la musique ; appuyer sur le [Bouton d'alimentation] du boîtier ou de la télécommande pour quitter le mode.

6

Miroir d'écran

Vous pouvez diffuser sans fil l'écran de votre smartphone ou de votre tablette sur l'écran de projection.

Veuillez ouvrir screencast APP pour en savoir plus sur la manière d'opération.

Précautions importantes

- Veuillez ne pas regarder directement le faisceau de projection avec vos yeux, car le faisceau puissant peut endommager vos yeux.
- Ne pas bloquer et obstruer les orifices de refroidissement de l'appareil, car cela pourrait affecter la dissipation de la chaleur des pièces internes et endommager l'appareil.
- Veuillez éviter l'humidité, l'exposition au soleil, les températures élevées, la basse pression et l'environnement magnétique.
- Ne pas placer l'appareil dans un endroit susceptible d'être exposé à la poussière et à la saleté excessives.
- Placer l'appareil sur une position plane et stable, pas dans une zone sujette aux vibrations.
- Veuillez utiliser le bon type de piles pour la télécommande.
- N'utilisez que les accessoires spécifiés ou fournis par le fabricant (par exemple, l'adaptateur d'alimentation spécial, les supports, etc.).
- Veuillez ne pas démonter l'appareil par vous-même, ne le faire réparer que par le personnel autorisé de la société.
- Placer l'appareil dans un environnement de 0°C-35°C pour son utilisation.
- Veuillez ne pas utiliser l'oreillette pendant longtemps, un son trop fort de l'oreillette peut provoquer des lésions auditives.
- La fiche est le dispositif de déconnexion de l'adaptateur.
- Les batteries (piles ou batteries installées) ne doivent pas être remplacées par l'utilisateur.
- Les piles utilisées pour ce produit contiennent des produits chimiques nocifs pour l'environnement.
Pour protéger l'environnement, veuillez disposer les piles conformément aux lois et réglementations locales.
Ne jetez pas les piles avec les déchets ménagers ordinaires.

Note au personnel de maintenance : Il existe un risque d'explosion si les piles ne sont pas remplacées correctement.
Remplacez les piles uniquement par le même type ou le équivalent.

リモコン

プロジェクター本体

プロジェクター本体

外観とインターフェース説明

リモコン

- リモコンの電池ケースカバーを開けます。
- 単4電池を2本入れます。
- カバーを閉めます。

1

リモコンのペアリング

- ・リモコンを装置の10cm以内に置いてください。
- ・インジケーターが点滅し始め、「ピ」という音が聞こえるまで、同時にホームボタン  とメニューボタン  を押してください。
- ・リモコンが既にペアリングモードに入ったことを表します。
- ・「ピ、ピ」という音が聞こえると、ペアリングが完了します。

* ペアリングが失敗すると、インジケーターが完全に消えるまで待ち、再び上記手順を繰り返してください。

2

Wi-Fiへの接続

- ・「設定」-「ネットワーク」に入ります。
- ・無線Wi-Fiを選び、パスワードを入力します。

3

フォーカス設定

方法1：リモコンの側面ボタンを押すと、自動フォーカス調整が始まります。

方法2：「設定」から「フォーカス設定」画面に入り、調整できます。

* リモコンの上下ボタンで、画面の解像度を手動調整することができます。

4

台形補正の設定

「設定」から「台形補正」を選択して補正を行う本機は自動台形補正(垂直方向)に対応していますが、使用シーンによって多少のズレがある場合は、手動で補正することでさらに補正効果を微調整することができます。

*「設定」-「台形補正」-「手動補正」で、4つのポイントでフレームの大きさを調整します。

5

Bluetoothスピーカーモード

方法1：起動後、リモコンの「電源ボタン」を短く押すと、「スピーカーモード」に入ります。Bluetooth装置に接続して曲を再生することができます。再び「電源ボタン」を押すとモードを終了します。

方法2：電源オフの状態で、プロジェクターの「再生/一時停止」ボタンを2秒間長押しすると、スピーカーモードに入ることができますので、そのままスマホとBluetooth接続したら音楽を再生できます。本体やリモコンの「電源ボタン」を押すとモードを終了します。

6

スクリーンミラーリング

スマートフォンやタブレットの画面を、ワイヤレスでスクリーン画面に映し出すことができます。

操作方法については、screencast APPよりご確認ください。

7

重要な注意事項

- ・強い光で目を痛める可能性があるので、投射ビームを直視しないでください。
- ・内部部品の放熱に影響を与え、装置の損傷を生じる原因になるので、装置の放熱孔を塞いだり、覆ったりしないでください。
- ・湿気、直射日光、高温、低圧、および磁気環境を避けてください。
- ・ほこりや汚れの多い場所には置かないでください。
- ・平らで安定した場所に設置し、振動のある場所には置かないでください。
- ・リモコン電池は正しい種類の製品を使用してください。
- ・製造者が指定または提供する付属品/アクセサリ（専用電源アダプタ、ブラケットなど）しか使用しないでください。
- ・無断な機器分解はしないでください。当社授権スタッフのみに機器の修理を依頼してください。
- ・本製品を0℃～35℃の使用環境に使用してください。
- ・イヤホンは長時間使用しないでください。イヤホンからの過度な音は聴力を損なう原因になります。
- ・プラグは、アダプターの切断装置となります。
- ・使用者は、勝手に電池（電池パック又は装着済みの電池）を交換しないでください。
- ・本製品に使用されている電池には、環境に有害な化学物質が含まれています。環境保護のため、現地の法令に従い電池を処分してください。電池を一般ゴミと一緒に処分しないでください。

保守者へのご注意：電池を正しく交換しないと、爆発するおそれがあります。同一または同等の製品にのみ交換してください。

Smart Projector

Model : DBC2

Input : 15.0V $\equiv$ 2.4.0A,36.0W

USB Output : 5V $\equiv$ 2A

Manufacturer : Shenzhen Dangs Science and Technology Co., Ltd.
