

# Product Specification

## A. Electrical Characteristics

**Frequency 2400MHz ~2500MHz**

**VSWR <3.0**

**Efficiency >30%**

**Impedance 50 Ohm**

**Polarization Line**

**Gain 0 DBi**

## B. Material & Mechanical Characteristics

**Material of Radiator Cu**

**Connector Type : welding**

## C. Environmental

**Operation Temperature - 30 °C ~ + 80 °C**

**Storage Temperature - 30 °C ~ + 85 °C**

We, Shenzhen Qianyu toy supply chain Co., Ltd, states that All measurements were performed radiated and therefore additional antenna gain documentation is not required.
