October 15, 1999

Federal Communications Commission
Office of Engineering Technology
Equipment Authorization Division

Subject: Application for Equipment Authorization, FCC ID B32RF350

To Whom It May Concern:

Please accept the electronically submitted Application for Equipment Authorization (Form 731) for the VeriFone product: model RF350, FCC ID B32RF350. Fees were paid through the OET web site using the electronic Form 159.

Pursuant to section 0.459 of 47 CFR, confidentiality is requested for: schematics, internal photos, and theory of operation. Justification for this request is the protection of proprietary trade secrets and that such materials would customarily be guarded from competitors. Fees for the requested confidentiality has been paid as a part of the overall remittance.

Please note that this product is in compliance with the FCC rules adopted under Docket 87-389 and is not affected by the Section 15.37 transition rule.

All attachments have been provided through the OET web site. If any difficulties arise with this application or attachments, please contact me immediately. I may be reached by telephone at (916) 630-4011 (9am-5pm Pacific Time) or contact me through email at Russ_C1@Verifone.com

Sincerely,

Russell W. Carlson
