FCC ID: O3L-PT-02-MS

## **Operational Description**

| The transmitter of the EUT ( Labtec Wireless Optical Desktop) is powered by 3V Battery. The    |
|--|
| transmitter use printed antenna. The output power of this device is very low. Under normal use |
| condition, the transmitter and the receiver are quite close, so high EIRP power is neither     |
| necessary nor allowed because of interference.   |
