

Alcatel-Lucent Shanghai Bell Co.Ltd.

Statement

We, Alcatel-Lucent Shanghai Bell Co.Ltd. requests acceptance of the labeling proposal described below for mobile phone bearing FCC ID: 2ADZRG240WF.

The label will be put inside back shell compartment, so it looks better than stick it on the back of shell.

It's very easy to see the label, as you just need to take off back shell via nail.

Please refer to the picture 1, there is a small gap on the edge of product back shell.

Picture 1:

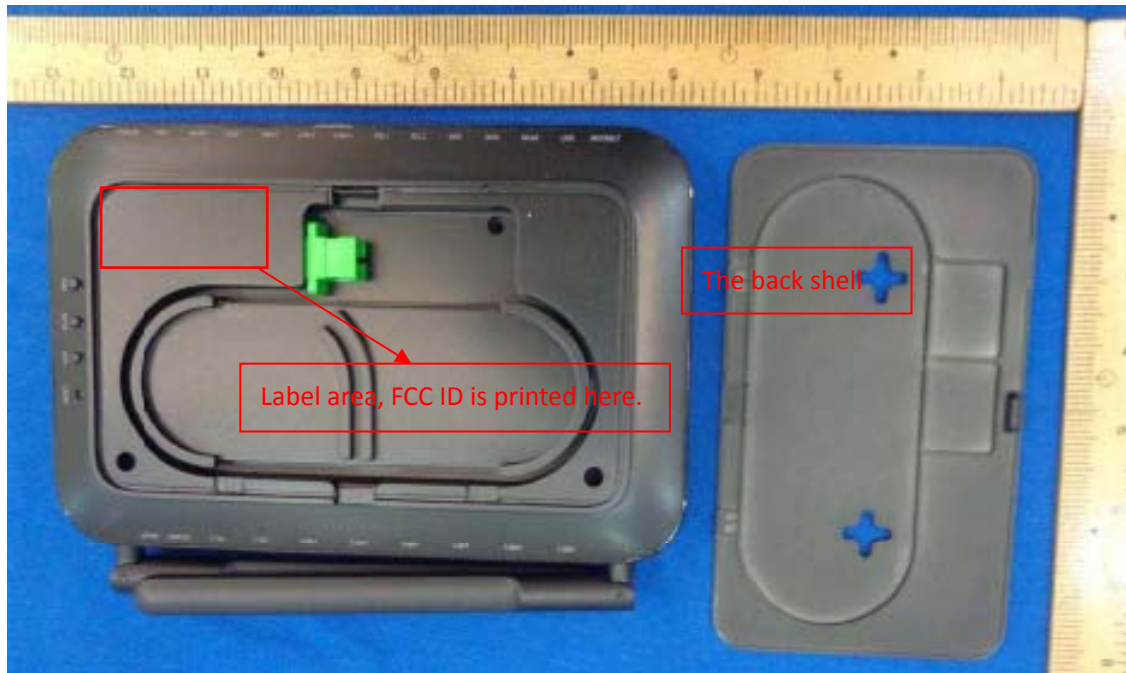

Please notice, the product back shell is fixed with host via buckle, there is no adhesive used refer to picture 2.

Picture 2:

So we directly print the FCC ID inside the product back shell, so that it is always viewable every time a new device is purchased. Every one could open and take off the shell (right in picture 3) and see the label easily (left in picture 3).
