Plug and Play

### Key Features and Benefits

#### Easier to be heard and participate in the call

The MP50 combines professional hardware and software technology to deliver crystal-clear voice communications. Thanks to Yealink Optima HD voice and Noise Proof Technology as well as a full-duplex hands-free speakerphone with AEC and an HAC handset, the MP50 provides an excellent audio with classic handset and hard dial pad experience.

#### Ideal all-in-one workstation on a single phone

The MP50 offers a 4.0-inch capacitive touch screen and compatible with the Teams application for a consistent call user interface. It can be connected to your mobile device for PSTN calling experience by leveraging the wireless Bluetooth Technology and provide the exclusive calling experience. The integrated USB hub would extend your personal PC USB port usage, like the USB Driver or other wireless USB Dongle needed. MP50 can also be used as speakerphone that presents the immersive sound for either calls or music.

#### Plug and Play

The MP50 compatible with Teams and Skype for Business offers Yealink efficient deployment mechanism, rewards you with a trouble-free plug and play connectivity. MP50 support Yealink USB Connect deployment tools, making it simple to deploy, manage, upgrade and maintain.
