## Important Safety Precautions

When using your Vivitar Wireless Earbuds, basic safety precautions should always be followed, including the following:

1. READ ALL INSTRUCTIONS BEFORE USING YOUR EARBUDS.
2. Clean using a soft cloth or paper towel.
3. Do not use your earbuds if you are experiencing any of the following:
  - Do not allow children or the infirm to play with your earbuds without adult supervision.
  - Do not expose your earbuds to excessive heat, flames or fire.
  - Do not press the earbuds or switches with sharp or pointed objects.
  - Do not use in extremely dry environments, as this can lead to static discharge during usage.
  - Do not place your earbuds in or near water.
  - Do not attempt to repair this product yourself. Contact a qualified service center if your earbuds are in need of service.
4. Do not drop, puncture or expose your earbuds to excessive trauma.
5. Your earbuds are not intended for commercial use.
6. Do not place near objects that may generate a strong magnetic field.
7. Unplug this device when not in use for long periods of time or during lightning storms.
8. Please recycle or dispose of your earphones properly based on the laws and rules of your municipality. Contact local recycling facilities and/or the manufacturer of your earphones for further information.

## A Quick Look at Your Device

## Pairing Your Earphones Together

When using your earphones for the first time, it is necessary to first pair the two earphones together so that you can hear audio from both your left and right earphone. To do so, follow the steps below.

Once you pair your earphones together for the first time, they should pair together automatically each subsequent time they are powered on. Furthermore, they can be powered on by pressing the power button for two seconds.

## FCC Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

### Vivitar One Year Warranty (continued)
