Requesting Class II permissive change

To Whom It May Concern:

The purpose of this letter is to request a Class II Permissive change for
FCC ID: **2AZR6-FRANBBAT10**, Original grant date: 09/08/2022

The major change filed under this application is :

1. The subject approved module is being used in different host.
2. SAR Test report is provided to demonstrate RF exposure Compliance.
3. EMC has been evaluated as not degrade the characteristics that reported to the FCC at the original certification.
4. The hardware design of this transmitter that may affect compliance is remained unchanged in this permissive change application.
5. The RF parameters of this transmitter that may affect compliance are remained unchanged in this permissive change application.
6. The security mechanism according to section II of KDB 594280 D02 is remained unchanged as it reported to the FCC at the initial certification.
7. The master and client modes operate in each frequency band are same as it is in the original grant conditions.
8. WLAN transmitter only supports with passive scanning in UNII-2A & UNII-2C bands without radar detection, hence radar detection is exempted from evaluation in this modification.

Sincerely,
