Bluetooth Dongle

Important information

Please read the instructions on safety and disposal and on how to set up and use the device before using it and also give them to other users to read or inform those users of their contents. Save this document and do not give the device to third parties without it.

Safety instructions

Follow the instructions in the manual and other applicable documentation of the device.

- Handle the product with care. Crushing, wrenching, or dropping it from even moderate heights may damage it.
- This device is for indoor use only! Do not install outdoors - NOT FOR OUTDOOR USE!
- Do not install the device in rooms with high humidity (for example, in bathrooms, laundry rooms, damp basements).
- Do not immerse the device in water and do not spill or pour liquids of any kind onto or into the device.
- Do not expose the product to extreme heat.

Standards conformance

Please note: Unauthorized opening, changing, or modifying the device will cause the warranty to lapse and may also result in the loss of conformity. In case of malfunction contact authorized service personnel, your seller, or Snom.

The declaration of conformity can be downloaded at <https://www.snom.com/conformity>.

This device complies with Directive 2014/53/EU and the essential health, safety, and environmental requirements of all relevant European and Australian directives.

This device complies with the Radio Equipment Regulations 2017 and the essential health, safety, and environmental requirements of all relevant UK legislation.

FCC part 15

FCC ID: EW780-S051-00

FCC caution:

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

IMPORTANT NOTE:

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

ISED Warning

IC: 1135B-80S05100

HVIN: 35-600056BS

This device complies with Innovation, Science, and Economic Development Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

- (1) this device may not cause interference, and
- (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- (1) l'appareil ne doit pas produire de brouillage, et

(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Radiation exposure statement

The device has been tested and complies with ISED SAR limits. This equipment should be installed and operated with a minimum distance of 5mm between the radiator and your body.

Déclaration d'exposition aux radiations

L'appareil a été testé et est conforme aux limites SAR de la ISED. Cet équipement doit être installé et utilisé avec une distance minimale de 5mm entre le radiateur et votre corps.

Technical specifications

- **Safety:** IEC 62368-1
- **Bluetooth**
 - **Radio frequency band:** 2402–2480 MHz (US, EMEA)
 - **Max. transmission power:** 8dBm (US, CAN), 10dBm (EMEA)
- **USB** 2.0, type A

Disposal

This device is subject to European Directive 2012/19/EU and may not be disposed of with general household garbage. Disposal of electrical and electronic products in countries outside the European Union should be done in line with local regulations.

If you do not know where you may dispose of the device at the end of its lifespan, contact your municipality, your local waste management provider, or your seller.

Pairing a Bluetooth device with a PC

1. Place the Bluetooth device close to the PC.
2. Insert the dongle into the USB port of the PC. The LED of the dongle begins to flash continuously.
You now have 2 minutes to pair it with the Bluetooth device.
3. Start pairing mode on the Bluetooth device.
4. If pairing was successful, the LED changes to steady ON. If pairing was unsuccessful or no device found, the LED will double-flash periodically.
