

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

**EUT Housing and Board
View 1****EUT Housing and Board
View 2**

Solder Board-Component View 1	 A photograph of a small green printed circuit board (PCB) component, labeled 'Solder Board-Component View 1'. The component is rectangular and features two black circular components, likely microphones or sensors, positioned on its surface. It is placed on a black background with white millimeter markings for scale. The component's dimensions are approximately 20 mm by 10 mm.
Solder Board-Component View 2	 A photograph of a small green printed circuit board (PCB) component, labeled 'Solder Board-Component View 2'. The component is rectangular and features a gold-colored connector on one end. It is placed on a black background with white millimeter markings for scale. The component's dimensions are approximately 20 mm by 10 mm.

Solder Board-Component View 3	 A photograph of a green printed circuit board (PCB) populated with various electronic components, including a USB connector, a microcontroller, and several surface-mount components. The board is placed on a black background with a white millimeter ruler for scale. The ruler shows dimensions in millimeters, with markings every 10 mm and sub-markings every 1 mm. The board is oriented horizontally, and the ruler is placed vertically to its left and horizontally below it.
Solder Board-Component View 4	 A photograph of the same green PCB as in View 3, but from a different angle, showing the underside of the board. The board is populated with various electronic components, including a USB connector, a microcontroller, and several surface-mount components. The board is placed on a black background with a white millimeter ruler for scale. The ruler shows dimensions in millimeters, with markings every 10 mm and sub-markings every 1 mm. The board is oriented horizontally, and the ruler is placed vertically to its left and horizontally below it.

Solder Board-Component View 5	 A photograph of a small green printed circuit board (PCB) component, labeled 'U00 20200729 H0210-14C_10011_10M-C', positioned on a black surface with a white millimeter ruler. The ruler shows measurements from 0 to 100 mm. The component is rectangular and has several gold-colored pins or solder points visible along its edges.
Solder Board-Component View 6	 A photograph of a small, rectangular, yellowish-gold component, possibly a solder mask or a thin PCB, positioned on a black surface with a white millimeter ruler. The ruler shows measurements from 0 to 100 mm. The component has two small circular holes and a faint orange marking in the center.
