CHANGE IN IDENTIFICATION OF EQUIPMENT

We, at Augmedics Ltd. confirm that we use the NVIDIA Corporation, WLAN 2x2 MIMO 802.11a/b/g/n/ac with Bluetooth, certified under FCC ID: VOB-P3310 the same as it is shipped out from the original manufacturer's NVIDIA Corporation facilities.

No changes have been made to the device and its original tests data, etc., submitted for the original application remain applicable to Augmedics Ltd.

The module will be known as the "jeston TX2 assembly" PN YELC0050 and Augmedics Ltd. will identify their device with FCC ID: 2AR2O-VOB-P3310

Thank you,

Stuart wolf - CTO
