RE: FCC ID: B6BZB-101AA  
Attention:

I have a few comments on this Application.

1. Please note that the radiated emissions tables on page 19, 21 and 22 of the report (average readings) shows a failing reading. Please note however that 2037, 2062 and 2087 are not in the restricted band and they only need to meet the -20dB from the fundamental requirements. Please address this issue and revise the report.
2. Please note that there is more than sufficient room on the device to include the 2 condition statement of 15.19. Please provide a label with this statement and show where it will be located on the device.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
