

Solder Board-Component View 5	 A photograph of a green printed circuit board (PCB) component, labeled '5', showing various electronic components and solder joints. The board is positioned next to a black ruler with white markings for scale. The background is a blue textured surface.
Solder Board-Component View 6	 A photograph of a green printed circuit board (PCB) component, labeled '6', showing various electronic components and solder joints. The board is positioned next to a black ruler with white markings for scale. The background is a blue textured surface.

Solder Board-Component View 7	 A photograph of a small, rectangular printed circuit board (PCB) with a black solder mask. The board is populated with various electronic components, including a central microcontroller, several integrated circuits, resistors, and capacitors. It features a multi-pin connector on the left side and a smaller connector on the right. The board is placed on a blue textured surface next to a black ruler with white markings in millimeters. The ruler shows measurements from 0 to 100 mm.
Solder Board-Component View 8	 A photograph of a small, rectangular printed circuit board (PCB) with a black solder mask. The board is populated with various electronic components, including a central microcontroller, several integrated circuits, resistors, and capacitors. It features a multi-pin connector on the left side and a smaller connector on the right. The board is placed on a blue textured surface next to a black ruler with white markings in millimeters. The ruler shows measurements from 0 to 100 mm.

Solder Board-Component View 11	 A photograph showing a small, circular electronic component (likely a Z-wave antenna) soldered onto a printed circuit board (PCB). The component is positioned next to a black ruler with white markings, indicating its size. The background is a blue, textured surface.
Antenna View	 A photograph showing the internal components of a device, specifically the Z-wave antenna. A red box highlights the antenna component. A white label with text is visible above the antenna, and a battery compartment is visible below it. The background is a blue, textured surface.
