Dear Mr. Leimer:

This memo is in regard to your correspondence dated May 4, 2001 regarding the filing of our microcell product.

SC300Microcell 1.9 GHz- FCC ID IHET6AQ2
731 Confirmation Number: EA100407

Motorola's interpretation of 1.1307 Table 1 as it applies to Personal Communications Services part 24 is that we are categorically excluded from Routine Environmental Evaluation. Of course, Motorola will provide the exhibit as the Commission explicitly retains discretion to ask for such information even if the transmitter would not commonly be thought of as mobile. Please find the uploaded MPE exhibit to the RF Exposure exhibits. In addition, we have uploaded the relevant RF exposure information that is to be included in the User's manual for your review.

Sincerely,

A handwritten signature in black ink, appearing to read 'Terry Schwenk'.
