The reasons for withholding the above materials from inspection are trade secrets and substantial competitive harm. The above exhibits contain designs and information proprietary to Telular. This information is available only for internal company use, and is not available publicly. Public release of this information would allow competitors to copy key elements of Telular's design, and also provide them with engineering specifications that have been based on Telular's many years of experience. We feel that this material should be held confidential in perpetuity, because the trade secrets that are based on Telular's years of experience will always be applicable to the design of a similar product.

Sincerely,

Daniel Giacomelli  
Executive Vice President
