

Louver-Lite Limited
Ashton Road, Hyde, Cheshire, SK14 4BG, United Kingdom

Model Difference Statement

We, (Louver-Lite Limited) certify the Product Description: Remote control
Model No.:

R2180-1CH, R2185-6CH
FCC ID: 2BK6HR2185-6CH

IC: 33109-R21856CH

We hereby declare:

all models are identical, but the R2180-1CH can control only one motor, and the R2185-6CH can control up to six motors simultaneously. The electrical schematics and PCB layout of the two models are the same, but the two models next to the light guide strip of the housing have a pattern difference, and the side buttons have a difference (the side buttons of the six channels to switch the two channels have no effect on the single channel). In addition, the hardware has a difference in the number of leds, and the software has a difference in channel switching (single channel does not require channel switching).

Sincerely,

Signature:
