USB Type-C to Charging Cable	1x USB Type-C to Charging Cable

Power On/Off

Power On
Press and hold the touch-sensitive area of earbuds for 3 seconds and the LED will light.

Power Off
Press and hold the touch-sensitive area of earbuds for 10 seconds and the LED will be off.

Pair the wireless earbuds with your mobile device

1. Make the distance between the earbuds and mobile device within 33 ft (10m).
2. Disable the Bluetooth function on your mobile device.
3. For earbuds, push the charging case battery cap. Take out earbuds (put back charging case and wait for 10 seconds for auto pairing). The earbuds can automatically connect to the mobile device without any pairing operation.
4. Adjust the Bluetooth function on your mobile device and select **GRUMPY TRUE** from the list screen.
5. After pairing is successful, both earbuds (LED) will be off.

Bluetooth

Bluetooth is a short-range wireless communication technology that can connect multiple devices to a central device (computer).

Make sure the earbuds are charged.

Use earbuds for Bluetooth function on your mobile device. If you fail to connect the earbuds to some other mobile devices (e.g., phone), please try to disconnect these devices first.

Insert one or both earbuds simultaneously by touch and hold the touch-sensitive area for 3 seconds and wait for 10 seconds for auto pairing. (Only the Bluetooth function of the earbuds can be used after pairing.)

Adjust the Bluetooth function on your mobile device and select **GRUMPY TRUE** from the list screen.

After pairing is successful, both earbuds (LED) will be off.

Reconnect the wireless earbuds to your mobile device

After successful pairing, the wireless earbuds will automatically connect with the last successfully paired device.

Disconnect the wireless earbuds from your mobile device

Press off the wireless earbuds or Switch off the Bluetooth of your mobile device or Leave the earbuds OFF mode for your mobile phone or tablet.
