Request for Short-Term Confidentiality

To Whom It May Concern:

In accordance with 0.457 and 0.459 of CFR 47, UTStarcom Personal Communications requests short-term confidentiality for the test setup photos and user's manual of the attached test report. These documents contain detailed system and equipment descriptions and related information about the product, which UTStarcom Personal Communications considers to be proprietary, confidential, and a custom design and otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, UTStarcom Personal Communications feels that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give our competitors an unfair advantage in the market.

Sincerely,

A handwritten signature in black ink that reads "J. Papadopoulos".
