MODEL: VTA-255B **INSTRUCTION MANUAL**

PLEASE READ THIS INSTRUCTION MANUAL CAREFULLY BEFORE USE AND KEEP IT FOR FUTURE REFERENCE.

Important Safety Instructions Product Overview . Setup / Basic Operation. Listening to a Vinvl Record Listening to the FM Radio... Listening to an External Audio Device (AUX Mode) istening to an External Audio Device (Bluetooth Mode). Maintenance / Proper Handling .. Specifications ... Troubleshooting Guide. FCC Statement and other warnings Warranty...

-This lightning flash with arrowhead symbol within an equilateral triangle is intended to alert the user to the presence of non-insulated "dangerous voltage" within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock.

-Warning: To reduce the risk of electric shock, do not remove cover (or back) as there are no user-serviceable parts inside. Refer servicing to qualified personnel. -The exclamation point within and equilateral triangle is intended to alert the user to the presence of important operating and maintenance instructions in the literature accompanying the appliance

CAUTION: To reduce the risk of fire or electric shock, do not expose this appliance to rain or moisture. WARNING: To prevent electric shock, do not use this (polarized) plug with an extension cord, receptacle or other outlet unless the blades can be fully inserted to prevent blade exposure

This equipment is a Class II or double insulated electrical appliance. It has been designed in such a way that it does not require a safety connection to electrical earth.

Important Safety Instructions

- Read these instructions All the safety and operating instructions should be read before this product
- Keep these instructions- The safety and operating instructions should be retained for future reference. Heed all warnings – All warnings on the appliance and in the operating instructions should be adhered to. Follow all instructions – All operating and use instructions should be followed. Do not use this apparatus near water – The appliance should not be used near water or moisture – for
- Clean only with dry cloth. Do not block any ventilation openings. Install in accordance with the manufacturer's instructions. Do not install near any heat sources such as radiations, heat registers, stoves, or other apparatus
- (including amplifiers) that produce heat. 9. Do not defeat the safety purpose of the polarized or grounding plug. A polarized plug has two blades with one wider than the other. A grounding plug has two blades and a third grounding prong. The wide blade or the third prong is provided for your safety. If the provided plug does not fit into your outlet,

consult an electrician for replacement of the obsolete outlet. 10. Protect the power cord from being walked on or pinched particularly at the plugs, convenience receptacles, and at the point where they exit from the apparatus.

11. Only use attachments/accessories specified by the manufacturer. **12.** Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart or rack is used, use caution when moving the cart/apparatus combination to avoid injury from

example, in a wet basement or near a swimming pool, and the like.

13. Unplug the apparatus during lighting storms or when unused for long periods of time. **14.** Refer all servicing to qualified personnel. Servicing is required when the apparatus has been damaged in any way, such as power supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped

Setup / Basic Operation

Remove white protective needle cover by gently pulling towards front of unit. Remove any packaging materials from the unit. . Connect the AC power cord

-lt is strongly recommended that this product should be operated only from the type of power source indicated on the marking label. -To prevent interference, avoid bundling audio signal cables together with the AC power cord.

Basic Operation . Push the STANDBY button to turn the unit on. Select the source by pressing the PHONO/AUX/FM/BT button. Rotate the VOLUME knob to adjust to the desired sound level.

to a wall outlet.

Listening through RCA LINE OUT For amplifier device listening, first reduce the volume level to minimum. Insert the white and red plugs on the RCA cable into the unit, then insert the opposite end into the amplifier device. Be sure to connect the white plug to the white jack and the red plug to the red jac

For private listening, first reduce the volume level to minimum. Insert your headphones' plug into the 3.5mm jack, then adjust the volume up by turning the VOLUME knob.

<u>Listening through Earphones/Headphones (not included)</u>

CONDENSATION WARNING When the unit is moved from a cold or warm place, or is used following a sudden temperature change, there is the danger that water vapor in the air may condense on the unit, preventing proper operation. In such cases, leave the unit for 1-2 hours after plugging it into an AC outlet to allow it to stabilize at the temperature of its surroundings.

Listening to a Vinyl Record

Troubleshooting Guide

Solution

· Connect the unit to the AC

Possible Cause

Unit is unplugged.

- 1. Before use, completely loosen the TRANSPORTATION SCREW by turning it clockwise with a coin or screwdriver. Detach the stylus guard (white plastic cover).
- 2 Turn the unit ON by pressing the STANDBY button. 3. Press the PHONO button to enter the PHONO mode.
- 4. Gently open the dust cover. Be careful not to pinch your finger. 5. Put the record on the turntable. Select the speed. When playing a 45 RPM record, use the included 45 adaptor.
- 6. Gently push the CLAMPER to the right to release the TONE ARM.
- 7. Raise the CUE LEVER to lift the TONE ARM off the tone arm support. 8. Move the TONE ARM gently to the edge of the record (or the starting point of a track).
- The turntable will begin to turn.

Symptom

Unit will not power on.

headphones are plugged in.

9. Gently lower the TONE ARM by slowly releasing the CUE LEVER. You can lower

the TONE ARM manually if the CUE LEVER has not been raised. 10. Turn the VOLUME KNOB to adjust the volume.

11. When playback has finished, slightly lift the tone arm using the CUE LEVER and return it to the TONE ARM holder. The rotation stops.

- Closing the top cover will help prevent dust from settling on the turntable. - Always relock the tone arm clip before transporting the unit. - Do not place anything on top of the turntable cover, especially while playing a record.

Listening to the FM Radio

1. Press the FM button to enter FM mode. 2. Tune to the desired station using the Radio Tune Knob. **NOTE:** In FM Mode, the "FM/ST" indicator lights up orange when the station

Adjusting for Best Reception FM broadcast: Extend and reposition the FM antenna.

reception is in stereo.

Listening to an External Audio Device (AUX Mode)

In AUX (auxiliary) mode, this unit can play audio from an external audio source (iPod, MP3 Player,

Playing via 3.5mm AUX-IN Jack on the Front of Unit: 1. Turn the unit ON by pressing the STANDBY button.

- 2. Press the AUX button to enter the AUX IN mode.
- 3. Connect the 3.5mm aux-in cable (NOT included) into the 3.5mm AUX-IN Jack to play an external audio source, such as CD player, tablet, MP3 player, etc.

LINE-OUT Jacks on the Back of Unit: If you play this device through external powered speakers,

you can connect the unit with an RCA component cable (included). Make sure to connect the white plug to white jack (left) and the red plug to the red jack (right).

Listening to an External Audio Device (Bluetooth Mode)

In BT (Bluetooth) mode, this unit can play music from external devices which have a built-in Bluetooth feature.

GETTING CONNECTED USING BLUETOOTH

1. Press the BT button to enter the Bluetooth mode.

2. The Bluetooth indicator will flash blue. 3. Turn ON the Bluetooth function on your external device.

NOTE: The effective distance between your external device and this apparatus is 10 meters (33ft). 4. Wait for "Victrola Lawrence" to appear on the paired devices list of your external device and press "Victrola Lawrence". In some instances: a window will ask you a password. Fill in "0000" then press

5. A few seconds later your Bluetooth connection is successful and the blue indicator stays lit. 6. Press the PLAY/PAUSE button (▶Ⅲ) to begin playback. 7. To temporarily pause playback, press the PLAY/PAUSE button (). Press again to resume.

NOTE: Stop, fast forward / rewind are only available on your external device.

Maintenance / Proper Handling

Handling Vinyl Records

Do not touch the record's grooves. Only handle records by the edges or the label with clean hands. Touching

the record surface will cause your record's quality to deteriorate.

To clean a record, use a soft anti-static cloth to gently wipe the record surface. Keep records in their protective sleeves when not in use.

Always store records upright on their edges · Avoid placing records in direct sunlight, close to a heat source (radiators, stoves, etc.), or in a location subject

to vibration, excessive dust, heat, cold or moisture.

When removing the power plug from the wall outlet, always pull directly on the plug. Never pull the cord.

To keep the laser pickup clean, do not touch it, and do not forget to close the disc trav.

 For cleaning, only use a clean, dry cloth. In order to shut off the power to this product completely, unplug the power cord from the

Do not attempt to clean the unit with chemical solvents as this might damage the finish.

wall outlet. Be sure to unplug the unit if you do not intend to use it for an extended period

FCC Statement

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user authority to operate the equipment. NOTE: This equipment has been tested and found to comply with the limits for Class B digital device,

pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interferrence by one or more of the following measures:

-Reorient or relocate the receiving antenna. -Increase the separation between the equipment and the receiver. -Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-Consult the dealer or an experienced radio/TV technician for help. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Radiation Exposure Statement This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
