RE: Lear Corporation

Number: KOBFTD06A

After a review of the submitted information, I have a few comments on the above referenced Application.

- 1) Report appears to identify this device (in part) as a receiver, but still may be correct depending on manufacturer reference. Please review.
- 2) Please confirm if the "0" in FTD06A is a zero or letter O. The label implies this is a letter in the FCC ID, number in the IC model, while the 731 implies it is a zero in the FCC ID. Please confirm.

Timothy R. Johnson
Examining Engineer

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
