

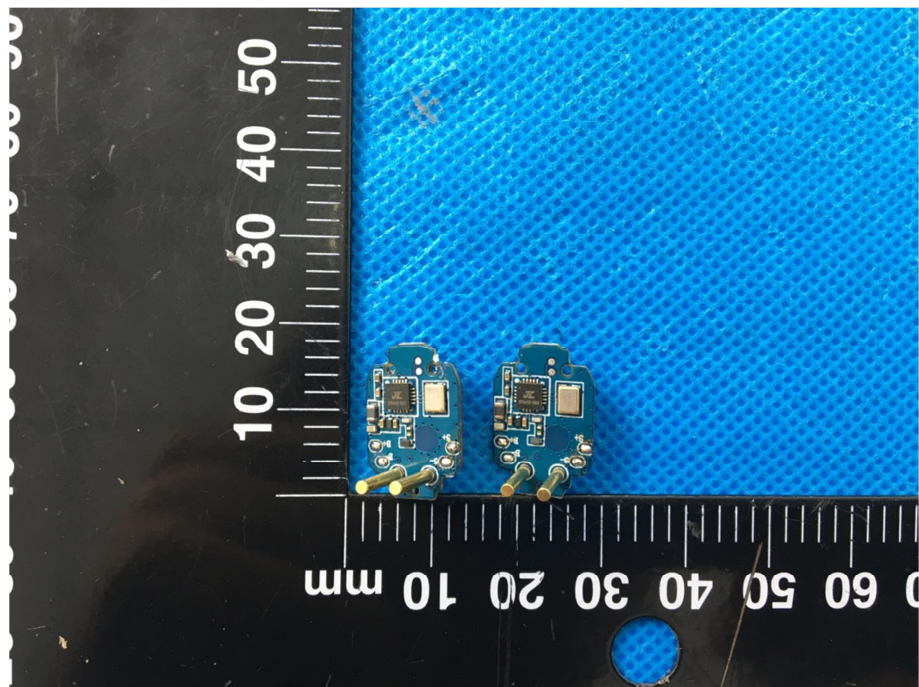

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

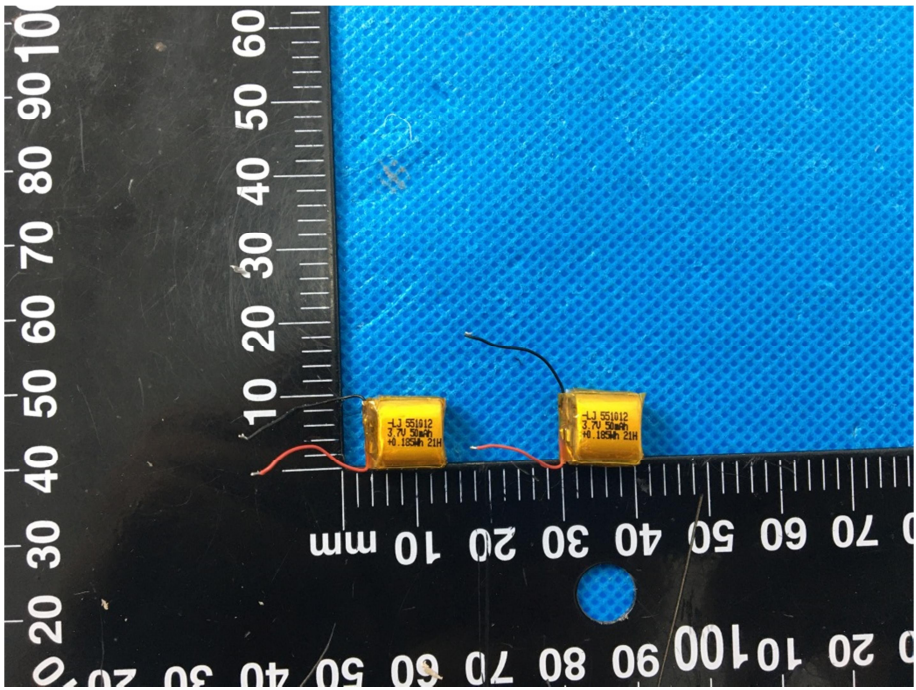

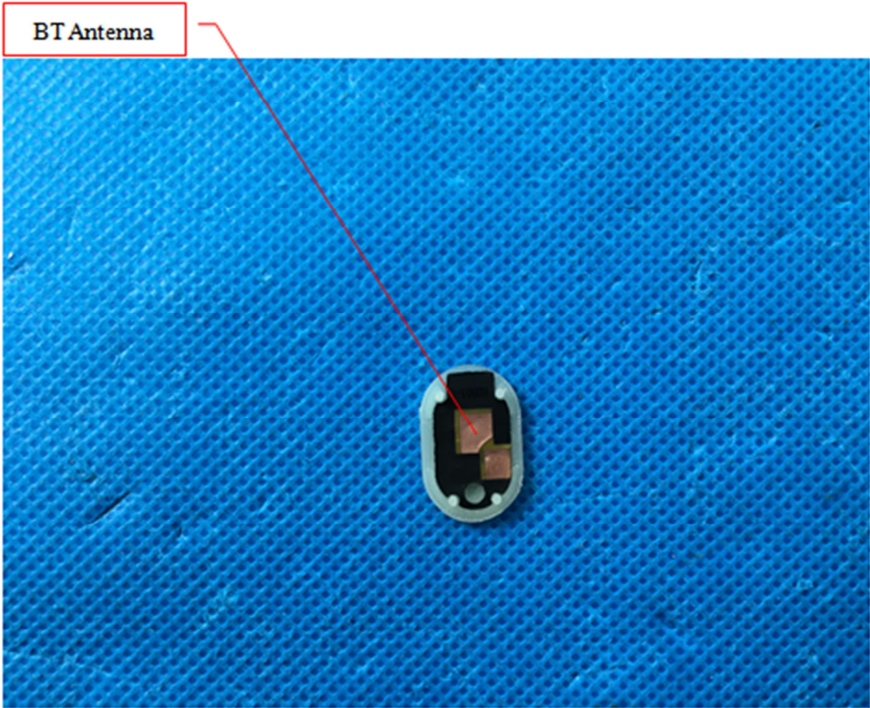

EUT Housing and Board View 1	 A photograph showing four electronic components (two black housings and two small circuit boards) laid out on a blue textured surface next to a black ruler. The ruler has white markings in millimeters and centimeters. The components are arranged in a row, with the two housings on the left and the two circuit boards on the right.
EUT Housing and Board View 2	 A photograph showing the same four electronic components from a different angle, laid out on a blue textured surface next to a black ruler. The ruler has white markings in millimeters and centimeters. The components are arranged in a row, with the two housings on the left and the two circuit boards on the right.

Solder Board-Component View 3	 A photograph showing two yellow surface-mount components on a blue textured PCB. A black ruler with white markings is placed horizontally below the components. The ruler shows measurements in millimeters (0 to 100) and centimeters (0 to 10). The components are labeled with '4-J 551012', '3.7V 50mAh', and 'H4 18546 21H'. Red and black wires are soldered to the components.
Antenna View	 A photograph of a BT Antenna component on a blue textured PCB. A red line points from a label 'BT Antenna' in a red box to the antenna. The antenna is a small, oval-shaped component with a black and gold color scheme.
