

Declaration of Wi-Fi 6E (6GHz) on SRP820 product

To Whom It May Concern:

We, the undersigning company

Company Name: Shanghai Smawave Technology Co., Ltd

Address: 2/F, Building 8, 1001 North Qinzhou Road, Xuhui District, Shanghai, China

Hereby confirm that the following product:

Applicant: Shanghai Smawave Technology Co., Ltd

Model: SRP820

Brand: Smawave

Product description: Ruggedized Router

FCC ID: 2AU8HSRP820

This product is designed with Wi-Fi 6E (6GHz) hardware components for future evolving capability. However, we would like to emphasize that the Wi-Fi 6E (6GHz) feature is currently disabled through software. This means that the Wi-Fi 6E (6GHz) functionality is not accessible to users, and it will not be enabled for use.

We have taken this approach to ensure that our product remains in full compliance with FCC regulations and standards. We are committed to maintaining the highest standards of safety and compliance in it.
