RE: FCC ID: KBCIX300GC82WLBT_ATCB001330
Attention: Rod Munro

I have a few comments on this Application.

1. Please note that the 15.105 statement of compliance was not found in the manual. As this contains part 15 devices, this statement is needed. Please provide a manual with this statement.
2. Please note that the CCS test report does not clearly identify the Bluetooth module as that which is used in this device. Please provide evidence that the Bluetooth module used in the above ID is that which was used in the test report from CCS. Please note that if the purpose of this report is to show conducted antenna terminal data, then the report for the module FCC ID NFL-MUBTC-2-CLEVO may be more appropriate unless the report is more than 1 year old.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
