Q2 TOUCH HIFI Audio Player

Caution:

When using this precision electronics gadget, some kind reminders for you:

1. Keep the item away from the EME and m moisture environment.
2. Do not try to disassemble or rebuild the product.
3. Do not clean the item with corrosive detergent.
4. Keep away from water.
5. Do not squeeze the item.
6. Do not directly bath under the sun, keep away from fire or high and low temperatures.
7. Do not shock or crash it.
8. Use at low volume first, and gradually increase to the suitable volume. To protect your hearing, do not set at too high volume.
9. Keep the item in a safe place, keep away from the child.
10. When connecting to the computer or charging, the body will be hot, it is normal. It takes 5 hours to be fully charged.
11. Do not disassemble the device, it will void the warranty, any issues, please kindly contact us via email **support-us@evistr.com**
12. Do not use it while driving, riding, or other circumstances that are not suitable.

---

13 Charging Notice:

A) the device was equipped with a polymer lithium ion battery, it can repeat charging. The first time using,, we suggest to be fully charged at least 5 hours, in order to extend the battery life.
B) After full charge, continue to charge 30 minutes, so it can play longer time.
C) Do not change the battery by self.
D) Battery life may vary from working environment.
14. Charging: input 5V 1000mAh (over charging or low charging may damage the battery or decrease battery life span).
15. The item may release new firmware that may lead to difference content from the user manua.

Packing List

1 x Q2 Device
1 x USB Cable（TYPEC）

Product Feature

- 2.45 inch 480x360pixels IPS High Resolution Display.
- In cell high sensitivity full capacitive screen.
- 24bit384k master tape grade playback, support various lossless audio format.
- Elegant zinc alloy housing.

- Embed with ESS top grade chip ES9218PC to drive the 3.5mm single-ended headphone jack.
- Come with high definition recording function, adopted the DMIC digital recording, easy to record high quality audios in various format and sampling rate.
- Headphone output 2Vrms, the power is strong.
- Touch operation and key operation, easy to use at the style you like.
- CSR4.2 two-way bluetooth, support lossless transmission.
- Independent clock system, low noise, low vibrate passive crystal to ensure the perfect hardware decoding DSD128 lossless audio.
- USB DAC decoding, can use as computer external sound card1.
- Support background playback.
- Support LINE OUT (LO)Analog Audio output and SPDIF out digital audio output, support various audio equipment.
- Built-in 1500mAh High Capacity battery, ensure long playback time.

Keys Function

	Vol+		Play/Pause
	Vol-		Next
	Digital MIC		TF Card
	POWER		3.5mm headphone jack
	Prev		TYPE-C USB
	Indicator Light		LINEOUT

Functions

Power ON/OFF

Press the POWER button 3 seconds, it will turn on the device, and blue indicator light ON. When device is ON, press the POWER button, it will turn off the device. Notice: when device frozen, we can press and hold the POWER button to reset the device.

- If set at manual scan, when songs changed, during playback, some songs may be cannot find.

Standby: When this function is ON, device will not turn off, even no operation for long time.
USB Current Restrict: when this function is ON, it will restrict output current.
USB Mode: USB DAC, Data Transfer, Only Charging, please kindly select correct function when connecting to computer, otherwise it will not work correctly, or cannot connect to computer.

How to Use USB-DAC

This player support USD-DAC function

1. Turn on the player, go to system setting,, set USB mode at DAC, and then connecting to PC, and then you can see PC shows "find new hardware" , no need any operation, it will automatically install".
2. Then you will see "DAC" shown on device.

3. Insert earphone, you can hear music now.

Parameter

Size	84.5mm*61.5mm*14mm(L*W*H)
Screen	
	1500mAH/3.7V rechargeable Lion battery
Power	TYPE-C USB 5V1A input
	APE (384KHz/24bit)
	WAV (384KHz/24bit)
	WMA (192KHz/24bit)
Supported Music File Format	Wma Lossless (96KHz/24bit)
	FLAC (192Kz/24 bit)
	DSF （5.6MHz/ 1bit)
	DFF （5.6MHz/ 1bit)
	Aiff、M4A、AAC、OGG、MP2、MP3
Total Harmonic Distortion (THD)	<0.005% headphone <0.005% Line
Signal to Noise Ratio	≥116dB@1KHz，±2dB

Frequency Response	20Hz-20KHz
Headphone Output Max Level	3.5mm single-ended 1.5Vrms/32Ohm（L/R）70mW
Channel Separation	3.5mm Single-ended/32Ohm >75dB
Dynamic Range	116db ±2dB
Earphone Impedance	8 -150 Ohm
Analog Output	3.5mm
	3.5mm LINEOUT
Digital Output	SPDIF(USB- C Port)
USB C Port	USB2.0 charging, data transfer, USB-DAC
Card Slot	TF Card ≤ 512GB
Working temperature	32F ~ 104F
Support	Windows XP/Vista、Win7/8.1、Win10、Mac OS 10、Linux 2.4.2 above

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-- Reorient or relocate the receiving antenna.

-- Increase the separation between the equipment and receiver.

-- Connect the equipment into an outlet on a circuit different
  from that to which the receiver is connected.

-- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be u sed in portable exposure condition without restriction
