Solder Board-Component View 5	 A photograph of a green printed circuit board (PCB) populated with various electronic components. The components include several integrated circuits (chips), resistors, and capacitors, all soldered onto the board. A black ruler with white markings is placed horizontally below the board, showing measurements in millimeters. The board is set against a blue textured background.
Solder Board-Component View 6	 A photograph of the reverse side of the green PCB. It shows the solder pads and components from the other side, including several large circular pads and smaller components. A black ruler with white markings is placed horizontally below the board, showing measurements in millimeters. The board is set against a blue textured background.
