FCC STATEMENT

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

09

Troubleshooting

-- Reorient or relocate the receiving antenna.

-- Increase the separation between the equipment and receiver.

-- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and

(2) this device must accept any interference received, including interference that may cause undesired operation.

10

Troubleshooting

1.The headphones is not comfortable to wear, feel pain , easy to fall ?

- Please choose the suitable earbuds .
- Make sure the left and right earbuds assemble correctly.

2.Can not turn the headphones ON

- Please make sure the headphones are charged. If not , charge them, and try again.

3.Can not connect the headphones to your device

- Make sure the headphones are fully charged.
- Go to your device's Bluetooth menu and delete all saved devices from the list by clicking "Forget this device".
- Turn OFF bluetooth, then turn ON.
- Enter the headphones into the pairing mode and follow instructions for connecting.

4.Do not have sound

- Please check if the headphones connected with the device, if connected, adjusting volume of device or headphones volume.

5.Frequent disconnection and noise

- Please check if the headphones or the device already low power;
- Ensure the distance between your device and the headphones is within 33 feet/10 meters.
- Ensure nothing is blocking the signal between your device and your Bluetooth headphones.

6.The headphones cannot reconnect automatically

- Ensure the distance between your device and the headphones is within 33 feet/10 meters.
- Please simultaneously long press button "volume +" and "volume-" until the red and blue light flash 3 times alternately, then reconnect the headphones.

7. Can not charge the headphones

- It takes about 20 minutes for charging to be activated to realize normal charging;
- The internal components of the headphones or the phone have been damaged, we advise to replace the other device.
