Ref: FCC Class II Permissive change for FCC ID: **2ADAL-B001**

Applicant: **Catapult Sports Pty Ltd**

Dear Examiner,

This is to request a Class II Permissive change for FCC ID: **2ADAL-B001** originally granted on **09/21/2021**.

The change under this application is to add the 6.5 GHz band to the UWB application. No hardware changes have been made and the additional band is enabled via firmware. The device itself has not changed physically and is still electrically identical to what was previously certified.

I attest that the certified device will not be capable of ad-hoc mode operation outside of the grant conditions.

Sincerely,

Name: Jacques Groenewald
