Solder Board-Component View 3	 A photograph of a green printed circuit board (PCB) component, likely a wireless module, placed on a blue textured surface. A black ruler with white markings is positioned vertically to the left of the component, showing measurements in millimeters. The component has various electronic components, including a blue integrated circuit (IC) and several smaller components.
Antenna View	 A photograph showing the internal components of a device, specifically the antenna assembly, placed on a blue textured surface. A black ruler with white markings is positioned vertically to the left of the components, showing measurements in millimeters. The assembly includes a green PCB, a yellow cylindrical component, and a black rectangular component. Two red boxes highlight specific areas: one on the yellow component and another on the black component. Red lines connect these boxes to labels below the image: "915MHz Antenna" and "WIFI Antenna".
