Attestation Letter

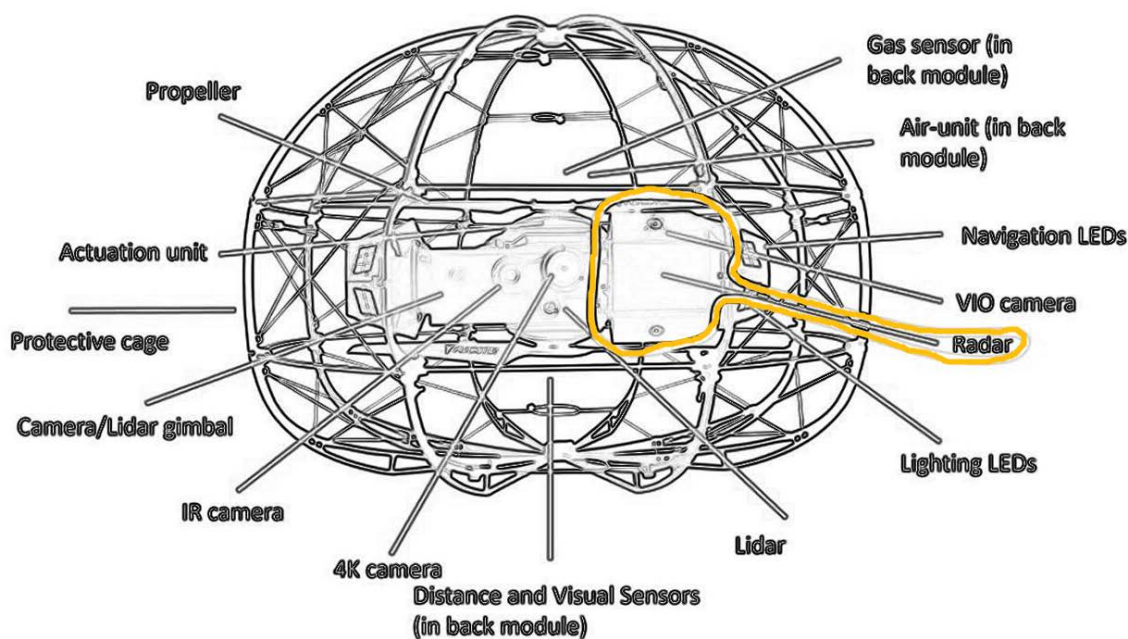

Date: 2024-04-15

To whom it may concern

Dear Sir or Madam:

Our product Radar Module, model: APA0026, FCC ID: 2BDOL-WAVEINTHEAIR

The radar module is mounted on the front module of our ASIO X Drone. See the radar module surrounded in yellow:

Our drones are used exclusively to carry out inspections of confined spaces such as sewers, silos, pipelines, and others. for industrial plateforms. We don't fly outdoors, so the flight altitude is no more than 400 feet. See our website to understand our applications in confined spaces (<https://www.flybotix.com>)

The radar module is installed and compatible with only one drone. This is Flybotix's ASIO X drone, the sequel to ASIO Pro, which we certified last year, FCC ID: 2BDOL-LOREINTHEAIR.

Sincerely,

Printed Name: Wassime BEN HAMMOU
