Attestation Letter

The MSM8909 installed in our product WPOS Intelligent Business Terminal(model name: WPOS-3 FCC ID:2AXOJ-WPOS-3), for 2G/3G/4G,it only activates LTE Band 2/4/5/12/17, GPRS/EGPRS850, GPRS/EGPRS1900,WCDMA B2/B5.The other bands are disabled by using software.

This device has microphone and speaker, but the device does not support GSM voice call function because of the limitation of the firmware.

Please contact me if there is need for any additional clarification or information.

Best Regards,

Sincerely,

Signature:
