目录

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not properly used and installed, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.
- Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
- This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

IC Caution:

This device contains radio energy transmitting circuits that comply with Canadian, American and European electromagnetic compatibility standards. This device is subject to the following two conditions:
This device may not cause interference.
This device must accept any interference, including interference that may cause undesired operation of the device.

Cet appareil contient des circuits radioémissifs exemptés de licence au titre conformes aux R-90 émis par le Service de Radiocommunication, Science et Développement économique Canada. L'exploitation est soumise aux deux conditions suivantes: Cet appareil ne doit pas causer d'interférences. Cet appareil doit accepter toute interférence, y compris toute interférence pouvant causer un fonctionnement indésirable de l'appareil.

Specification

Function	Operation Frequency	Max RF output power	Unit
2.4G Wi-Fi Bluetooth BT LE	802.11 High-Speed BPSK - 2402 MHz	10 mWatt	1000m

This product can be used across EU member states.

Manufacturer: Boshuifu
Manufacturer address: 919 North Market Street, Suite 900, Wilmington, New Castle, Delaware, USA
Product name: Smart Indoor Cat 2
Type: Pet Feeder
Product model: C201
