

GLORIOUS™ SERIES 2 PRO

Quick Start Guide

Connectivity Options: Wired/Wireless
Wired Mode: Paracord USB-A to USB-C cable
Wireless Mode: 2.4GHz lag-free wireless connectivity
Channel number: 79
Minimum Range: 5 meters
RF Power: <0.19dBm
Operating Frequency: 2402MHz - 2480MHz
Working Temperature: 0-40 °C

Setting Up: We recommend charging your mouse fully before using it for the first time in wireless mode. To do this, plug the USB-A side of the cable into your computer, and plug the other end into the USB-C port on the front end of the mouse. The mouse can be used normally in wired mode. If using a USB-C cable other than the provided Paracord Cable, we recommend using it only for charging, as gaming with another cable may cause the port on the mouse to be damaged because of insufficient support. The average time to fully charge the device is approximately 3 hours.

Battery: When using the mouse in wireless mode, you can check the battery life by pressing and holding the DPI button for 3 seconds. The battery life indicator LED below the DPI button will repeatedly blink in the color corresponding to the battery level, as specified below:
0% - 25%: red | **26% - 60%:** orange | **61% - 90%:** yellow | **91% - 100%:** green
When the battery level LED below 7%, the LED indicator will repeatedly blink red three times. This continues until the mouse is plugged in for charging, or it is completely drained of power.

Reset: You can reset the mouse to factory settings by holding down the left and right mouse buttons along with the scroll click for 5 seconds. While pressing and holding these three buttons, the battery indicator light blinks green. **Note:** This action will erase all profile information on the mouse and reset all settings to factory default.

Support/Service: If you have any questions or issues with your device, please do not hesitate to contact us. Alternatively, please visit us at www.gloriousgaming.com, where you can find our frequently asked questions, troubleshooting tips, and other Glorious products.

Copyright and Intellectual Property Information: ©2024 Glorious LLC. All rights reserved. Glorious and ASCEND are registered, and all associated logos, names, brands, products, and services are either trademarks or registered trademarks and copyright of Glorious LLC and/or affiliated companies in the United States or other countries. All other trademarks and trade names are the property of their respective owners, and other company and product names mentioned herein may be trademarks of their respective companies. Glorious LLC ("Glorious") may have copyright, trademarks, trade secrets, patents, patent applications, or other intellectual property rights (whether registered or unregistered) concerning the product in this guide. Furnishing of this guide does not give you a license to any such copyright, trademark, patent, or other intellectual property rights. The product may differ from pictures, whether on packaging or otherwise. Glorious LLC assumes no responsibility for such differences or for any errors that may appear. Information contained herein is subject to change without notice.

Warranty: 2-year Limited Manufacturer Warranty
The warranty does not cover damages as a result of opening the device.

Limitations of Liability: Glorious shall in no event be liable for any lost profits, loss of information or data, special, incidental, indirect, punitive, or consequential damages arising in any way out of the distribution of, sale of, resale of, use of, or inability to use the product. In no event shall Glorious' liability exceed the retail purchase price of the product.

WARNING: The product contains small parts, so please keep out of reach of children below the age of 10 to avoid the risk of choking. Keep the product away from water and moisture. To avoid the risk of fire, connect the product to a power supply that complies with PST requirements outlined in IEC/EN/UL 62368 and outputs less than 15W. Risk of explosion if the battery is replaced by an incorrect type. Dispose of used batteries according to the instructions. Operation of this equipment in a residential environment could cause radio interference. The battery is firmly installed and cannot be replaced. If a battery has reached the end of its service life, the entire product should be replaced.

Maintenance: Be careful when cleaning the product. Wipe dirty surfaces with a lightly damp cloth, then let dry. Do not use chemical cleaners or underwater. Clean dust, debris, and sand from the product with a light brush or with a compressed air can.

Storage Condition: Temperature from -20 to 65°C; Humidity <95% (RH)
Operation Condition: Temperature from 0 to 40°C; Humidity <75% (RH)

----- DC Voltage

General: These terms shall be governed by and construed under the laws of the jurisdiction in which the product was purchased. If any term herein is held to be invalid or unenforceable, then such term (in so far as it is invalid or unenforceable) shall be given no effect and deemed to be excluded without invalidating any of the remaining terms. Glorious reserves the right to amend any term at any time without notice.

FCC andISED Canada Compliance Statements
This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:
1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

FR
L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :
1. L'appareil ne doit pas produire de brouillage.
2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation. This device and its antenna(s) must not be co-located or operating in conjunction with any other antenna or transmitter.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
4. Consult the dealer or an experienced radio/TV technician for help. The device has been evaluated to meet general RF exposure requirements. The device can be used in portable exposure conditions without restriction.

Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC / IC Radiation Exposure Warning: This device complies with FCC radiation exposure limits set forth for an uncontrolled environment, and it also complies with Part 15 of the FCC RF Rules. This equipment must be installed and operated in accordance with the provided instructions, and the antenna(s) must not be co-located or operating in conjunction with any other antenna or transmitter. End-users and installers must be provided with antenna installation instructions and consider removing the no-collocations statement.

EU Declaration of Conformity
Hereby, Glorious LLC (13809 Research Blvd Suite 500 PMB 93206 Austin, TX 78750, USA), declares that this Wireless mouse is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU. A copy of the Declaration of Conformity can be found at Website: www.gloriousgaming.com.
1. CAUTION: RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT TYPE. DISPOSE OF USED BATTERIES ACCORDING TO INSTRUCTIONS.
2. The product shall only be connected to a USB interface of version USB2.0 or newer.
This information must be presented in such a way that the user can readily understand it. Typically, this will necessitate translation into every local language (required by national consumer laws) of the markets where the equipment is intended to be sold. Illustrations, pictograms and using international abbreviations for country names may help reduce the need for translation.

Do not dispose battery into fire or a hot oven, or mechanically crushing or cutting of a battery, that can result in an explosion.
Do not leaving battery in an extremely high temperature surrounding environment that can result in an explosion or the leakage of flammable liquid or gas.
Do not leaving battery subjected to extremely low air pressure that may result in an explosion or the leakage of flammable liquid or gas.
Do not used in low air pressure at high altitude condition.
Do not used in high or low extreme temperatures.

Packaging Disposal: Dispose of packaging according to type. Sort the paperboard and cardboard as wastepaper and the film as recyclable material.

Battery Disposal: Do not dispose of battery into fire or a hot oven, or mechanically crush or cut a battery, that can result in an explosion. Do not leave battery in an extremely high temperature environment that can result in an explosion or leakage of flammable liquid or gas. Do not leave battery subjected to extremely low air pressure that may result in an explosion or the leakage of flammable liquid or gas. Do not use in low air pressure at high altitude condition. Do not use in high or low extreme temperatures.

Waste Electrical and Electronic Equipment Information: Correct Disposal of This Product (Waste Electrical & Electronic Equipment) (Applicable in the European Union and other European countries with separate collection systems) This marking shown on the product, or its literature indicates that it should not be disposed of with other household wastes at the end of its working life. To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate this from other types of wastes and recycle it responsibly to promote the sustainable reuse of material resources. Household users should contact either the retailer where they purchased this product, or their local government office, for details of where and how they can take this item for environmentally safe recycling. Business users should contact their supplier and check the terms and conditions of the purchase contract. This product should not be mixed with other commercial wastes for disposal.

Batteries may not be thrown into household garbage!
As a consumer, you are legally obligated to ensure that all batteries are, regardless of whether they contain harmful substances*, handed over at a collection point in your community/urban district or to the commercial sector so that they can be delivered to an environmentally friendly waste disposal facility. The battery is firmly installed in the device and can only be removed by a specialist. The device therefore needs to be handed over at a specialized collection point or to a specialized retailer. *Marked with: Cd = cadmium, Hg = mercury, Pb = lead
