**Noted:**  
① Regular cleaning with a cotton swab is recommended, as shown in the image above. When the earbuds are not charging, you can use a cotton swab with alcohol to gently wipe the bullet needle and copper column.  
② An untidy cable or loose connection between the earbuds and the charging case may cause interference. Please make sure the earbuds and the charging case are connected correctly.  
③ If the earbuds do not connect to the mobile phone, please try to turn off the earbuds and then turn them back on again. If the earbuds still do not connect, please contact customer service for help.

**Product details:**  
① Regular cleaning with a cotton swab is recommended, as shown in the image above. When the earbuds are not charging, you can use a cotton swab with alcohol to gently wipe the bullet needle and copper column.  
② An untidy cable or loose connection between the earbuds and the charging case may cause interference. Please make sure the earbuds and the charging case are connected correctly.  
③ If the earbuds do not connect to the mobile phone, please try to turn off the earbuds and then turn them back on again. If the earbuds still do not connect, please contact customer service for help.

**Powering ON:**  
Method 1: When the charging box is opened, the earphones will automatically turn on. After a few seconds, the left and right earbuds will auto connect to each other. When the earbuds are connected to each other, the LED light will flash slowly.  
Method 2: Open the bluetooth devices inside settings/Search for "I63" and select it to pair with the earphone lights off after the earphones connected with device.

**Stereo Mode:**  
① Open the bluetooth devices inside settings/Search for "I63" and select it to pair with the earphone lights off after the earphones connected with device.  
② Touch the button twice to adjust the volume("L" for decreasing, "R" for increasing).

**Play Music:**  
① Touch the button once to Pauses/Play.  
② Keep press the touch button for 1 seconds and release it.  
③ Touch the button twice to adjust the volume("L" for decreasing, "R" for increasing).  
④ Touch the button three times to activate the Siri voice assistant.

**Calling:**  
① When a call comes in, short press one of the touch buttons in order to answer the call or long press it to reject it.  
② During a phone call, short press the earphone button to end the call and the earphone will resume its previous working state.  
③ Automatically answer calls when the earbuds are paired with a mobile phone.  
④ During a call, if the earbuds are not paired with a mobile phone, the earbuds will control the mobile phone.  
⑤ During a call, if the earbuds are paired with a mobile phone, the earbuds will have voice.

**Reset Mode:**  
In the position of 0, after 5 quick touches on the L/R, the earphones will be reset and the earbuds will be paired with the mobile phone again.  
Note: If the earphones are disconnected from the device, the earphones will be power off automatically after 5mins.
